

P 2009 Football Techniques Camp

Get ready for the upcoming season by learning the fundamentals that will help you be the best that you can be!

While our primary focus will be on throwing and catching, we will incorporate other aspects of both flag and tackle football into our sessions.

Whether you have played organized football or this is your first experience, our curriculum is sure to benefit you. Learn the same skills that led the Lancers to the 2008 CIF Championship!

Daily dress is a t-shirt and shorts. Campers are encouraged to bring a drink and a snack each day for the break. You should have football cleats, as we will play on synthetic turf. At the end of the camp, you will receive Parker camp t-shirt.
